Viewing Existing Networks

You can view a list of networks that exist in your RUCKUS One account.

From the navigation bar, click Wi-Fi > (and then) Wi-Fi Networks List. The Wireless Networks page displays a list of networks that you previously added, including the following information:

Note: If you have not added a network, the list will be empty. For instructions on adding a network, refer to *Wireless Networks Overview (GUID-3B1FF432-398E-4567-A029-B07223EC2D0B.html)*.

- Network: The name assigned to this network.
- Description: A brief description of the network.
